

# Final Ranking

Call For Solutions - Sustainable Food Systems  
Food Trails

Coordinator:

Curator:

In collaboration with:

The Food Trails Project has been funded by Horizon 2020 Grant Agreement N. 10100812

Startups and SMEs whose applications have been duly received and deemed eligible, following formal verification, were assessed by the Technical Committee according to the following criteria:

Assessment Criteria	Weight
Fulfilment of the cities' needs in relation to the challenges	25%
Value proposition and solution's maturity level	20%
Scalability/replicability of the solution	20%
Innovativeness of the solution	15%
Expertise, technical and managerial skills of the team	10%
Market opportunity, market maturity and market metrics	10%

### Evaluation process:

1. The Technical Committee assigned a score from 0 to 5 to each startup/SME in relation to each of the 6 assessment criteria;
2. The final score assigned to each of the assessed startups/SMEs was computed as a weighted average of the scores assigned in relation to each criterion;
3. The 42 highest ranked startups/SMEs were shortlisted as the best startups/SMEs, gaining access to Food Trails' municipalities evaluation;
4. On the basis of their innovation needs, the municipalities participating in the Food Trails program selected which startups/SMEs, among the 42 best, were to be invited to the Match Making Day.

## Startups/SMEs Ranking

Startup/SME's Name	Final Score
KITRO	4,4
SEAB Power Ltd	4,3
Biotrem Dystrybucja	4,3
Klimato	4,3
Moree	4,3
Biova Project	4,2
Venner Oy	4,1
Beeing	4,0
OneThird	4,0
